

# OHRA Zorgverzekering Package Comparer 2025

This guide shows at a glance what coverage is provided under each of the insurance policies so that you can compare the various healthcare packages. Only insurance policies that can be taken out in 2025 are included. For the cover provided per reimbursement under all of the supplementary insurance policies, see [www.ohra.nl/vergoedingenwijzer](http://www.ohra.nl/vergoedingenwijzer). If you only want to see what is covered in your own policy, download the OHRA App or log on to Mijn OHRA, where you will find details of what is reimbursed under your insurance policies.

## Basic insurance

The government determines the reimbursements under the basic insurance plan. OHRA has made agreements on rates with most healthcare providers. OHRA reimburses in full the bill you receive from these healthcare providers. A sign in the package comparer signifies that this care is insured. If you visit a healthcare provider with whom OHRA does not have an agreement, we also reimburse the bill in full, unless it concerns the costs of GGZ or district nursing of non-contracted care providers. Then we reimburse a maximum of 75%. Very occasionally, however, we receive a bill from a healthcare provider that is unreasonably high. We are prohibited by law from reimbursing such a bill. Fortunately, this almost never happens. In the 'excess' column, you can see whether or not a reimbursement falls under the excess. Only insured persons aged 18 and older pay the excess. The 'personal contribution' column shows whether a personal contribution applies. For the exact amount see [www.ohra.nl/vergoedingenwijzer](http://www.ohra.nl/vergoedingenwijzer). The personal contribution is fixed by the government and comes on top of your excess.

## Supplementary and dental insurance policies

If you want more extensive cover than the basic policy provides, you can take out supplementary and dental insurance. See in this package comparer what the supplementary insurance policies reimburse. All of the amounts quoted in this guide are maximum amounts per insured person per calendar year, unless otherwise stated. In every case, the healthcare provider and/or institution must be recognized by OHRA.

## Supplementary health insurance policies with Physio Carry Over

Have you not used your full physiotherapy allowance for 2025? The OHRA Sterk Fysio Meenemen, OHRA Aanvullend Fysio Meenemen, OHRA Extra Aanvullend Fysio Meenemen and OHRA Uitgebreid Fysio Meenemen supplementary policies allow you to carry over as many as nine physiotherapy treatment sessions to 2026. With OHRA Compact Fysio Meenemen you can carry over up to 6 treatment sessions to 2025. To be able to use this service you must also have an supplementary policie with physiotherapy cover at OHRA in 2026. You can take out these policies with Physio Carry Over only until 1 January 2025. The coverage is the same as that of OHRA Compact, OHRA Sterk, OHRA Aanvullend, OHRA Extra Aanvullend and OHRA Uitgebreid, but is supplemented by the Physio Carry Over Service. For more information, go to [www.ohra.nl/fysiomeeneemservice](http://www.ohra.nl/fysiomeeneemservice).

This overview presents the overall reimbursements and coverage. The full content and scale of the insurance packages can be found in the policy conditions. No rights may be derived from this overview.
